MMR_0030 Paul F. Moon

ACHIEVEMENT PROGRAM MASTER MODEL RAILROADER AWARD

No. 30—Paul F. Moon, MMR
3826 Lochridge Road
North Little Rock, Ark. 72116

Paul started his model railroad career in 1951 assembling a pair of Globe kits. Joining NMRA in 1955 he was a member of MCR until 1962 and moving to Mid Continent he joined that region where he has been active ever since. As chairman of the 1969 Convention at Little Rock he did a bang up job.

Becoming interested in the A.P. he earned his first certificate as Master Car Builder in 1964 to which he added: Structures, Scenery, Railroad Engineer —Civil, Model Railroad Engineer—Electrical, Chief Dispatcher, and Associated Volunteer.

At 51 Paul is married with two grown daughters and retired from the Air Force after 20 years active duty. Currently he teaches and heads the Science Department at Little Rock's Central High School.

Primarily in HO, Paul has a 13' by 18' pike under construction in the garage adjoining his home. With 500' of trackage, two terminal yards of 50 cars capacity each, three towns and some 23 industries the operation theme is freight movement with occasional passenger service.

While in the service Paul moved around a lot being active in club operations in Anchorage, Alaska; Marion, Ohio; and Columbus, Ohio. Currently he is a member of the Arkansas Valley Model Railroad Club in Little Rock, Arkansas.

He has been entering models in Regional contests since 1958 and his Mo-Pac coaling tower took "Best of Show" at the MCoR Convention in Des Moines, Iowa in 1967.
